

## We Got This

Finding the best caregiver requires a whole lot more than most people realize. Making sure the caregiver you select is fully vetted, licensed and insured and comes with great references is no small task. And beyond that, staying compliant with labor and tax laws is complicated.

When you or a loved one is facing increased life limitations due to changes in health, it can be very frustrating and stressful. This is not a time when anyone wants to learn a new industry or process, and we believe you shouldn't have to, so that's where we come in.

*"From the moment I learned about Avail, I was impressed with their level of professionalism and genuine compassion. I wouldn't consider any other company to take care of my family."*

**- Joanne C, Dunedin, FL**

What **Avail takes care of for you** includes:

### Recruiting and Matching

This is our most important job. We not only find you someone who is qualified to handle the care you need, but who is also a good fit for you or your loved one(s) in terms of personality and attitude.

### Safety and Compliance

We conduct all state required criminal background checks, reference interviews, license/certification confirmations, and skills and capabilities.

### Finances and Paperwork

No one who is dealing with health issues also wants to become an office manager. We facilitate all caregiver scheduling, invoices and associated payments, and issues such as extra payment for holidays and tax documentation.

## Contact us for a free consultation

Contact us for a free, no obligation, consultation with one of our Directors. We work closely with families to customize a plan of care for you or your loved one.

## Who we are

Avail Home Care is the premier provider of home care services for the Tampa area. We are committed to keeping you or your loved one secure and relaxed at home, wherever home may be, **24 hours/day, 7 days/week.**

## Why Clients Love Avail?

We provide a concierge level of service to our clients, ensuring that they don't have to worry about the daily challenges of schedule changes, billing, or documentation. You and your loved one(s) can focus on health and well-being. Let us handle the rest.

In addition, we're **Long Term Care insurance and VA Aid & Attendance specialists.** Our Care Directors will help you to get the most out of your benefits without any stress or hassle.

## When Do You Need Avail?

**There's a difference between home care and home health care.**

As a Licensed Nurse Registry, we provide support for clients to perform activities of daily living or "ADLs" which refers to activities such as bathing, grooming, transferring, mobility, transportation, and supervision.

**If you or a loved one is facing life limitations because you or they:**

- Have experienced memory loss.
- Can't get into and out of bed, chairs, or showers/tubs safely.
- Can't navigate the home safely (stairs, shag carpet, uneven flooring).
- Can't drive safely.
- Can't dress or undress without assistance.
- Can't prepare meals or eat without assistance.
- Can't conduct basic housekeeping.

**...then home care services are what's needed.**

Our Care Directors can conduct a free in-home assessment for your or your loved one(s) to determine a custom program of care that makes the most out of your benefits or funds.

## Optimize Your Funds

Home care services like those described at left are not covered by Medicare or medical insurance (like Blue Cross or AETNA). As a home care provider, we can accept **Long Term Care Insurance, VA Aid & Attendance, and private pay.** We do not accept Medicaid at this time.

### Long Term Care Insurance

We specialize in Long Term Care Insurance. If you are a Long Term Care Insurance policy holder, you can hand your policy to our Care Directors and they will take care of the rest.

They will work with your insurer to activate your insurance, stopping all premium payments and arranging a custom program of care that gets the most out of your benefits. **We can also get you through your waiting period at no cost to you or your family.**

### VA Aid & Attendance

VA Aid & Attendance funds are for veterans and their spouses to apply to long term care including in-home care like we provide. If you or your loved one served in the military, give our Care Directors a call to learn about the benefits that you can access for your care.

### Private Pay

Many of our clients do not have insurance benefits to cover in-home care, however, even when this is the case, we will work with you and your family to help structure a program of care that gets the most out of the funds you have available.
